

WELCOME TO OUR NEWSLETTER

We are looking forward to provide you with interesting facts and information about fire protection.

In addition to an interesting series of interviews with representatives of the industry, we will use this format to pick up on current events from all over the world.

In this issue we welcome Dietmar Linde from the Hübener Insurance as our first interview guest. We would like to thank him for his participation and the exciting statements.

Quality is our top priority

Because – our products protect value and especially human life and thus need to be a 100% reliable.

Our products need to pass numerous quality controls - both by machine and by our colleagues. In this picture you can see the final check after packing the products into our famous "pizza-box". We are thankful that our colleagues put the quality of our products first.

Simply. More. Safety.
